

Media	Good for	Pros	Cons
PBWorks Wiki	Centralized course site	Easy to organize pages and files, much like a website	Does not allow synchronous collaboration/editing (users will overwrite one another's work).
Google Drive	In-class collaboration, presentations, group activities	Allows synchronous collaboration/editing. Available in Word, spreadsheet, or slideshow formats.	Lags.
Turnitin	Grading, peer review, reflections.	Multiple, convenient methods of communication.	Not face to face.
WordPress	Student portfolios	Easy to create.	Student papers become public (e.g. will be found by next semester's students via Google).
Prezi	Presentations	Attractive & engaging.	Group collaboration can be tricky.
